

HOW TO FRENCH MARKET

CLUB COUTURE™ PROJECT

RELEASED MARCH 2020

Supplies Needed

Club Couture™ Transfer: French Market

Chalkology™ Paste Singles: Black Velvet, Tide, Currant Jam

Tools: Small Squeegee (2), Multi-Tool, Transfer Trimmers, Fuzzing Cloth, Self-Healing Work Mat

Surface: Odette Black Frame (9" x 12")

Color and Placement for Club Couture™: French Market

1. Frame above and below: Black Velvet
2. French Market: Tide
3. LE FRANÇOIS PRODUIT LE MARCHÉ: Currant Jam

Follow these instructions to complete the Club Couture™ project:

1. Prepare your Chalk Transfer™ by removing it from the packaging.
2. When you remove the backer from the Transfer screen, be sure to "fuzz" the Transfer to gentle the adhesive by sticking the sticky side of the screen to a Fuzzing Cloth or terry cloth towel to pick up a bit of lint before applying it to your surface.
3. Position your Transfer on the board and smooth it out to adhere to your surface, ensuring there are no bubbles.
4. Prepare your Chalkology™ Pastes by kneading the packets, tearing off corners, and squeezing desired amounts onto a dish or other palette surface. Stir paste if using 3 US fl. oz. jars.
5. Spread a generous amount of Black Velvet Chalkology™ Paste using your choice of squeegee and smooth it over the Transfer (see color and placement suggestions).
6. Once the first design element of the design is completely covered, scrape the excess paste off as evenly as possible and wipe unused paste back onto the palette or into the jar. The more excess paste you remove, the better the result.
7. Smooth Tide paste over the French Market element of the design, and scrape off the excess paste.
8. Carefully peel back the portion of the Transfer with paste before the paste dries.
9. Use the Multi-Tool to apply Currant Jam over the remaining words, then smooth Black Velvet paste over the bottom frame of the design.

MARCH CLUB COUTURE™ TRANSFER:
FRENCH MARKET

10. Peel the Transfer from the board carefully and immediately put it in water to clean thoroughly. Once clean, let dry with sticky side up.
11. Once the Transfer is clean and dry, replace the original backer sheet on the Transfer and store flat.
