

# HOW TO: *Go Confidently*

## CLUB COUTURE™ PROJECT

RELEASED FEBRUARY 2021

### Supplies Needed

**Club Couture™ Transfer:** Go Confidently

**Surface:** Couture Boutique™ Board Odette Black Frame (White, 9" × 12", item SI93113)

**Chalkology™ Paste Singles:** Black Velvet, Currant Jam, Shimmer Gold

**Tools:** Small Squeegee, Mini Squeegees, Transfer Trimmers, Color Trays, Fuzzing Cloth

### Color and Placement Suggestions

**Black Velvet:** "Go Confidently" sentiment

**Currant Jam:** "Direction" word only

**Shimmer Gold:** Accent arrows

### Follow these instructions to complete this project:

1. Remove your Transfer from its packaging.
2. Cut along the Transfer's provided cut lines to separate the elements.
3. Carefully peel off the Transfer Backer Sheet of the element you're using first.
4. "Fuzz" the Transfer element by gently pressing onto a Fuzzing Cloth and carefully pulling it upward to collect a bit of lint (this helps to more easily remove the Transfer from the surface after you've applied the paste).
5. Centering left to right, position the accent arrows element at the center top of the board. Smooth out the element to adhere, ensuring there are no bubbles or wrinkles.
6. Centering left to right, position the "Go Confidently" sentiment in the center of the board. Smooth out the element to adhere, ensuring there are no bubbles or wrinkles.
7. Knead each Chalkology Paste Single, cut or tear open the top, and squeeze the desired amount onto a Color Tray, using a new tray for each color.
8. Use a generous amount of paste on your squeegee and smooth it over the Transfer (see "Color and Placement Suggestions").
9. Once the screen portion of the design is completely covered, squeegee the excess paste off as evenly as possible and scrape it back into the tray. The more excess paste you remove, the better the result will be.

FEBRUARY CLUB COUTURE™ TRANSFER:  
GO CONFIDENTLY

10. *Before the paste dries*, slowly peel back the Transfer. To prevent any stretching in the Transfer, peel from the center instead of peeling diagonally. Immediately clean the Transfer with cool water (do not let it soak).
11. Dry the Transfer flat with the sticky side up.
12. Once the chalked sections are dry, repeat steps 3–5 and 7–10, using the accent arrows element again at the bottom of the surface. (If you work quickly after using it the first time, you may not need to wash the arrow element between uses.)
13. Once all Transfer elements are washed and dried, reapply the Backer Sheet to each and store flat.
14. Go confidently in the direction of your home décor!
