Shimmer Crimson: Tinsel border

Follow these instructions to complete this project:

1. Remove your Transfer from its packaging and carefully peel off the Transfer Backer Sheet.
2. "Fuzz" the Transfer by gently pressing it onto a Fuzzing Cloth and carefully pulling it upward. This will make the Transfer easier to remove from the surface after you've applied the paste.
3. Center the Transfer on the surface and smooth it out to adhere, ensuring there are no bubbles or wrinkles.
4. Knead your Chalkology Paste Singles. Cut open the corner of each packet and squeeze the desired amount of paste onto a Color Tray, using a new tray for each color.
5. Smooth a generous amount of Chalkology Paste over the Transfer using the Mini Squeegee (see "Color and Placement Suggestions"). As you work through each detail and color, squeegee the excess paste off as evenly as possible and scrape it back into the tray. The more excess paste you remove, the better the result will be.
6. *Before the paste dries*, slowly peel back the Transfer. To prevent any stretching in the Transfer, peel from the center or from both corners, instead of peeling diagonally. Immediately clean the Transfer with cool water (do not let it soak).
7. Dry the Transfer flat with the sticky side up.
8. Reapply the Transfer Backer Sheet and store the Transfer flat.
9. Relish your creation!
