**Shimmer Gold:** reindeer and sleigh

## Follow these instructions to complete this project:

1. Remove your Transfer from its packaging and carefully peel off the Transfer Backer Sheet.
2. "Fuzz" the Transfer by gently pressing onto a Fuzzing Cloth and carefully pulling it upward. This will make the Transfer easier to remove from the surface after you've applied the paste.
3. Center the Reindeer Parking Transfer on the surface and smooth it out to ensure it has properly adhered and that there are no bubbles or wrinkles.
4. Knead your Chalkology Paste Singles. Cut open the corner of each packet and squeeze the desired amount of paste onto a Color Tray, using a new tray for each color.
5. Use your Mini Squeegee or Small Squeegee to smooth a small amount of paste over the Transfer (see "Color and Placement Suggestions").
6. As you work through each detail and color, use your Squeegee(s) to clear the excess paste off as evenly as possible and scrape it back into the tray. The more excess paste you remove, the better the result will be.
7. *Before the paste dries*, remove your Transfer from the surface and immediately clean the Transfer with cool water (*do not let it soak*).
8. Dry the Transfer flat with the sticky side up.
11. Reapply the Transfer Backer Sheet and store flat.
12. Admire your new creation and get ready for the sound of reindeer on your roof!
