

HOW TO: *Love*

CLUB COUTURE™ PROJECT

RELEASED JANUARY 2022

Supplies Included

Club Couture Chalk Transfer® design: Love

Chalkology® Paste Singles: Peony, Raspberry Sorbet, Shimmer Silver

Additional Supplies Needed

Surface: Pallet Sign (9" × 12")

Tools: Color Trays, Fuzzing Cloth, Mini Squeegee

Color and Placement Suggestions

Peony: "Antoine de Saint-Exupéry", triple heart details, double circle details, banner element

Raspberry Sorbet: "love", "each other", "same direction", individual hearts

Shimmer Silver: "is not just looking at", "it's looking in the", arrow element, dots

Follow these instructions to complete this project:

1. Remove your Transfer from its packaging and carefully peel off the Transfer Backer Sheet.
2. "Fuzz" the Transfer by gently pressing onto a Fuzzing Cloth and carefully pulling it upward. This will make the Transfer easier to remove from the surface after you've applied the paste.
3. Center the Love Transfer on the surface, and smooth it out to ensure it has properly adhered and that there are no bubbles or wrinkles.
4. Knead your Chalkology Paste Singles. Cut open the corner of each packet and squeeze the desired amount of paste onto a Color Tray, using a new tray for each color.
5. Starting from the top, use your Mini Squeegee to apply color over your Transfer (see "Color and Placement Suggestions"). Once the screen portions of the design are completely covered, use your tool to remove excess paste as evenly as possible; excess paste can be scraped back into the tray. The more excess paste you remove, the better the result will be.

JANUARY CLUB COUTURE™ TRANSFER:
LOVE

6. For best results, divide your project into sections and use the chalk-and-pull method. This allows you to work in smaller sections without having the paste dry in the screen, which would give you patchy results. Chalk the top section of the design and peel back only that portion of the Transfer to let the paste dry on the surface before continuing (use the Quick Dry Tool for a faster dry). To prevent any stretching in the Transfer, peel from the center or from both corners, instead of peeling diagonally.
7. Gently lay the Transfer back down over the chalked section. Ensure that the next section is fully adhered, and repeat these steps as you work your way down the Transfer.
8. Once your design is fully chalked and *before the paste dries*, remove your Transfer from the surface and immediately clean the Transfer with cool water (*do not let it soak*).
9. Dry the Transfer flat with the sticky side up. Once completely dry, reapply the Transfer Backer Sheet and store flat.
10. Get ready for Valentine's Day and show off your lovely creation!
